

2026 Educational Events

HPIO invites you to join us as an event sponsor as we host engaging events on important health policy topics. These events attract leaders in the public and private sectors from across the state, exploring complex health policy issues, sharing data and discussing policy options.

Sponsorship opportunities

As a sponsor, you will be recognized by an audience of Ohio's leading health policy stakeholders. The target audience for our events includes policymakers, providers, advocates, health plans, employers, consumer representatives and researchers.

2026 Educational Event topics

To respond to the ever-changing health policy landscape, HPIO focuses its educational events on timely and relevant topics that impact the health and well-being of Ohioans. In 2026, HPIO will host 5-7 webinars alongside the statewide Health Policy Summit. Potential webinar topics include the 2026 Health Value Dashboard, healthcare access and affordability and child health and well-being.

Ohio Health Policy Summit

In the fall of 2025, HPIO hosted its second annual Ohio Health Policy Summit. The theme was "Prioritizing what works: A focus on policies with the greatest return on investment." The Summit was well attended and brought together leaders from across the state. National speakers shared their expertise in plenary sessions, stakeholders attended breakouts that explored strategies to improve health and well-being while reducing healthcare spending, and workshops offered hands-on training to leverage data and evidence to advance policy.

HPIO will host the third annual Ohio Health Policy in late summer. Breakout sessions will focus on key findings from HPIO's 2026 Health Value Dashboard. The Summit will convene national and local experts and engage stakeholders to discuss actionable strategies to address Ohio's greatest health challenges.

What attendees had to say about the 2025 Summit

*"Excellent event! Thank you for hosting it and how **HPIO centers data and health equity!** I appreciated the mix of attendees from different fields and opportunities to learn together and from one another.."*

*"**The presenters were engaging and made the data easy to understand!**"*

*"...Overall, fantastic presentation! **Really liked how each challenge was linked to a solution. Super actionable! ...**"*

*"This was a very enlightening presentation and **relevant to my work...**"*

*"Excellent session! I really liked how interactive the session was and how **it inspired us...**"*

*"The summit was awesome! You packed **so much useful information into one day...**"*
