

2025 Educational Events

HPIO invites you to join us as an event sponsor as we have hosted engaging events on important health policy topics. These events attract leaders in the public and private sectors from across the state and provide innovative and practical policy options to improve health, achieve equity, and lead to sustainable healthcare spending in Ohio.

2025 Educational Event topics

To respond to the ever-changing health policy landscape, HPIO focuses its educational events on timely and relevant topics that impact the health and well-being of Ohioans across their lifespan. In 2025, HPIO will host 5-7 webinars alongside the statewide Health Policy Summit. Potential webinar topics include Medicaid basics, children's mental health and healthcare spending in Ohio.

Ohio Health Policy Summit

In the fall of 2024, HPIO hosted its inaugural Ohio Health Policy Summit. The theme was "Partnering to improve health, well-being and economic vitality." The Summit was well attended and brought together leaders from across the state.

National speakers shared their expertise in plenary sessions, stakeholders attended breakouts that supported the development of new evidence through innovation, and workshops offered hands-on training to leverage data and evidence to advance policy solutions to address Ohio's greatest health challenges.

Given the strong interest from stakeholders, HPIO is planning for its second annual Health Policy Summit in 2025.

What attendees had to say about the 2024 Summit

"The Summit was fantastic...[Our] team was talking about how it was one of the best conferences we've attended this year."

"I left the Summit inspired and with tangible next steps to implement. Loved the variety of the sessions, was a great mix of motivation and inspiration with actionable items."

"The quality of presenters, the relevance of the topics and the networking opportunities were excellent!"

"Excellent first summit! Well organized, friendly staff, food and facilities were excellent, and excitement toward serving Ohioans was strong!"

Sponsorship opportunities

As a sponsor, you will be recognized by an audience of Ohio's leading health policy stakeholders. The target audience for our events includes policymakers, providers, advocates, health plans, employers, consumer representatives and researchers.

To learn more about becoming a sponsor of HPIO's educational event series, please contact:
