Health Policy Institute of Ohio

Social Determinants of Infant Mortality Advisory Group
Meeting #2: August 17

Registration: 12:45 pm
Meeting: 1:00-4:00 pm

Mid-Ohio Foodbank
3960 Brookham Dr., Grove City, 43123

Objectives
Advisory Group members will be aware of:

- What has been accomplished on the project so far
- The wide variety of ways that housing, transportation, education and employment impact infant mortality and how these factors intersect

HPIO will receive:

- Constructive feedback from group members on potential gaps in the draft literature review and scope of the problem sections and which aspects of these sections are most important to address through policy recommendations
- Useful information from group members on relevant state and federal policies, funding sources, organizations/agencies involved in planning and implementation, and existing policies and programs. HPIO will then be able to complete the policy landscape sections for housing, transportation, education and employment
- Suggestions from group members on relevant policy options to explore

Agenda
1. Welcome and meeting overview
2. Project update
3. Literature review and environmental scan highlights
4. Small group discussions*
   o Housing
   o Transportation
   o Education
   o Employment

*At registration, we will ask you to identify which small group fits best with your expertise.
