2018 REGIONAL STATE HEALTH ASSESSMENT FORUMS

The Ohio Department of Health and the Health Policy Institute of Ohio invite you to participate in Ohio's next State Health Assessment (SHA) by attending a regional community forum. These forums provide stakeholders from a wide variety of sectors with an opportunity to identify health-related priorities, strengths, challenges and emerging trends for all areas of the state.

Join us for an interactive forum where you can provide input on the 2019 SHA and the next State Health Improvement Plan (SHIP) in the morning and provide input for the Maternal and Child Health Block Grant and Maternal, Infant and Early Childhood Home Visiting Needs Assessments in the afternoon. This event is open to all stakeholders who are interested in improving health and quality of life in Ohio. Space is limited.

To register for a forum please visit our website:

<https://www.healthpolicyohio.org/state-health-assessment-sha-regional-forums/>

The Northeast and Northwest events are hosted and facilitated by the Hospital Council of Northwest Ohio under contract with the Health Policy Institute of Ohio, on behalf of the Ohio Department of Health.
