Objectives

As a result of reading this document, local health department and hospital staff will:
• Understand the provisions and purpose of ORC 3701.981 and will know how to comply with the requirements in ORC 3701.981 regarding transparency, accessibility and timeline
• Be aware of expectations regarding local collaboration for SHIP implementation
• Be aware of how to align with the 2020-2022 State Health Improvement Plan (SHIP) in terms of priority, indicator, priority population and strategy alignment for inclusion in their own CHIPS and ISs

In addition, tax-exempt hospital staff will:
• Know how to comply with schedule H (form 990) community benefit reporting expectations
Basic guidance

For local health departments and hospitals in Ohio

March 2020
Discussion

Given the objectives, what suggestions do you have to improve the following aspects of the draft guidance?:

• Clarity and messaging
• Content
• Formatting
